

BLOODHOUND FRAMESHEET

RETAILER: This framesheet MUST BE provided to the end user.

Thank you for purchasing a Bloodhound. We want to give you important information about your bike...

⚠ WARNING: CYCLING CAN BE DANGEROUS. BICYCLE PRODUCTS SHOULD BE INSTALLED AND SERVICED BY A PROFESSIONAL MECHANIC. NEVER MODIFY YOUR BICYCLE OR ACCESSORIES. READ AND FOLLOW ALL PRODUCT INSTRUCTIONS AND WARNINGS INCLUDING INFORMATION ON THE MANUFACTURER'S WEBSITE. INSPECT YOUR BICYCLE BEFORE EVERY RIDE. ALWAYS WEAR A HELMET.

Intended Use: Condition 3

This is a set of conditions for operation of a bicycle that includes Condition 1 and Condition 2 as well as rough trails, rough unpaved roads, and rough terrain and unimproved trails that require technical skills. Jumps and drops are intended to be less than 61cm (24").

Frame Compatibility

Design Wheel x Tire Size	26" Fatbike (26 x 4.0" on 80mm rim)
Alternative Wheel x Tire Size(s)	26 x 3.8–4.6" on up to 100mm rim (1x drivetrain only), 29 x 2.25–3.0" (including 29-plus), 27.5 x 3.0–3.25" (aka 27.5-plus), 26 x 3.8–4.25" on up to 100mm rim
Fork	Designed for 100mm, 50mm offset RockShox Bluto suspension fatbike fork or equivalent suspension-corrected rigid fork
Rigid Fork Length	483–486mm
Susp Fork Length (Travel)	506–511mm (100mm maximum travel)
Fork Offset	45–51mm
Headset, Upper	IS42
Headset, Lower	IS52
Seatpost	Ø31.6mm
Seat Collar	Ø35.0mm
Front Derailleur Type	2x or 3x, top pull only
Front Derailleur Mount	high direct mount (50mm offset) via Ø34.9mm band clamp adapter
Bottom Bracket	120mm English, threaded
Crankset (Max Ring)	Outer: 44t, Middle (1x): 36t, Inner: 24t
Rear Brake (Rotor)	74mm post (160mm only)
Rear Hub Size	197 x 12mm thru-axle
Rear Axle Size	Ø12 x 230L, TP = 1.5, TL = 17
Derailleur Hanger	FS2900
Rack Mounts	Yes (seatstay & dropout)
Fender Mounts	No
Front Brake (Rotor)	74mm post (160–180mm)
Front Hub Size	150 x 15mm thru-axle
Front Axle Size	Ø15 x 176L, TP = 1.5, TL = 20
Bottle Mounts	1 per frame
Cable Routing	Internal routing, 1x, 2x, moto/regular

Care & Maintenance

Keep your frame clean. Dirt and road grime lead to oxidation and fading of the finish, and they make it hard to do a thorough inspection. Dirt will accelerate any abrasion of the paint that comes from rubbing, such as places where the cable housing touches the frame. In extreme cases, this type of abrasion could remove frame material.

When your bicycle is not being ridden, store it where it will be protected from rain, snow, sun, etc. Rain or snow may cause the metal on your frame to corrode.

If your bicycle was exposed to moisture during a ride, thoroughly dry the bicycle before storing it. If water got inside the frame, tilt the bicycle to drain the water.

If necessary, remove the seatpost and turn the bicycle upside down. This is especially critical if there is a large amount of water inside. If water freezes inside your frame, the expansion of the ice can crack and rupture the structure.

Before storing your bicycle for an extended period of time, clean and lubricate the frame with a frame wax, polish, or protectant. Do not store the bicycle near electric motors, as ozone from motors destroys paint. Before riding the bicycle again, follow the pre-ride checklist to be certain it is in good working order.

Inspection

Before every ride carefully inspect your frame for signs of fatigue. If any frame part shows signs of damage or fatigue, consult your dealer or replace the frame before riding the bicycle.

⚠ WARNING: An improperly modified frame, fork, or component can cause you to lose control and fall. NEVER MODIFY YOUR FRAMESET.

⚠ WARNING: Attaching incompatible clamping devices to a fork can lead to fork breakage, causing a loss of control. If you are not sure if a device is compatible, consult your dealer.

SERIAL NUMBER: _____

Get a pen and write down the serial number of your Heller frame immediately. The number is stamped into the bottom of the bottom bracket shell. Having this number is imperative if your bike ever gets stolen or if you ever have questions about your frame...we are constantly improving our products and sometimes the serial number is the only way to tell one generation of product from another.

Warranty Information

Proof of purchase is required before a warranty claim is processed. Heller Bikes therefore strongly encourages warranty registration at hellerbikes.com. Failure to register will not affect consumer rights under the limited warranty, so long as the consumer can show in a reasonable manner proof of original ownership and the date the Heller Bikes product was purchased.
